The Scottish Community Link Worker Network

Roisin Hurst - Project Manager

About Voluntary Health Scotland

We are the movement for health creation.

We work with our members and partners to:

- address health inequalities and
- create better health and wellbeing for people and communities.

Our films showcase the impact of CLWs in Scotland

"I'm delighted that the Scottish Community Link Worker Network is launching these videos that share powerful first-hand accounts of the positive impacts that Community Link Workers have on the individuals that they support and within the general practice teams that they are part of." Neil Gray MSP
